

## **Will County Governmental League STP Shared Fund Bonus Point Allocation Methodology**

According to the STP Shared Fund Application, each council, including Will County Governmental League (WCGL), is given 25 points to allocate amongst submitted projects to indicate local support and priorities. This methodology will serve as an outline and format for allocating the 25 bonus points given to WCGL.

### **Bonus Point Subcommittee**

The WCGL bonus points will be assessed by a bonus point subcommittee. The makeup of this committee will be municipal members of the WCGL Transportation Committee that did not apply for funds in the current call for projects. The committee will be made up of no less than three (3) member municipalities. The subcommittee will analyze the potential projects and provide a recommendation to the WCGL Transportation Committee which will then vote to approve awarding the bonus points.

### **Items for Consideration**

WCGL staff will prepare a document for the subcommittee comparing key data and information provided by the project sponsor in the application booklet required for the STP Shared Fund application. Additionally, a one-page narrative about the project and its significance must also be submitted to the bonus point subcommittee in order to be considered for any WCGL bonus points.

### **Point Allocation**

It is up to the committee's analysis of the key project data and project narrative to determine how many projects will receive bonus points and the number of points given to the projects. Per CMAP requirements, WCGL will have 25 points to allocate amongst the submitted projects to indicate local support and priorities. No project may receive more than 15 WCGL bonus points, but collaboration amongst councils is encouraged. Councils may give bonus points to projects outside their jurisdiction, up to a maximum of 25 total bonus points for any one project.

### **Non-Council Projects**

The subcommittee will consider non-council projects that have a direct positive impact on WCGL communities. Communities outside of WCGL interested in applying must submit their application workbook and a one-page narrative about why the project should be awarded bonus points.
