The 2022 Municipal Survey will be open tomorrow. The survey opens tomorrow Thursday, September 8th to Friday, September 23rd. The survey is conducted by CMAP and surveys 284 municipalities within the Northeastern Illinois region. It is important you fill out the survey because it is used to measure demand for different types of technical assistance, inform policy analysis of transportation funding topics, and help track implementation of regional goals. As more details come in I will be sending out email reminders and updates. If you have any questions contact Porter.

A friendly reminder that there is a new PPI form effective as of 8.31.2022, please be mindful that you are using the latest form, which I will post to our website and can also be found on IDOT's website. Please note, any PPIs submitted on the old form after 09.01.22 will be returned for revisions.

Presentation by Jane Grover (CMAP) on Briefing on the new Infrastructure Investment and Jobs Act and how the northeastern Illinois governments can leverage more federal funding for regional transportation infrastructure.
